## Students Satisfaction Survey Analysis Report

Session 2018-19

A survey to evaluate the satisfaction of students was conducted on 22nd February 2019 for the academic session 2018-19. The students were asked about their satisfaction regarding the syllabus and teaching-learning process. The questions were asked mostly on the quality of syllabus and completion of course. The students were asked to submit their response on a scale of 1 to 5 where 5 being extremely satisfied and 1 being not satisfied at all. About 85 percent of students were extremely satisfied with the quality of teaching and syllabus. About 8 percent of the students have given their as satisfied which indicates their satisfaction is above the average level. Only about 2 percent students have expressed their reservations regarding the Aims & Objectives of the Syllabus. Hence the academic performance for the year has been **Satisfactory**.
