STUDENTS SATISFACTION SURVEY REPORT- 2020-21

Teaching is an art and the same is a bipolar process. Nothing is taught unless it is learnt by the students. Hence Students satisfaction is one of the best parameter to evaluate the strength and weakness of the academic environment and administrative efficiency of an institution. In this context, it is witnessed that, due to prevalence of Pandemic Covid-19, the teaching learning process was severely affected. In order to honour the guideline & SOP of the State Govt. the physical activities on academic & administrative was squeezed and the On-line teaching learning process was introduced instead of Off-line mode. Meeting, gathering, seminars were converted to webinar. Under this unprecedented happenings a standard questionnaires was framed covering academic, administrative, athletic & teachers' competency as well. And as such students satisfaction survey was made through sample survey through online mode consisting of 100 nos of respondent from different stream viz.- Arts, Science, Commerce & B.Voc. The students were asked to respond through the question relating to the coverage of the syllabus by the teacher, competency for taking classes, Communication Skill, National Skill Qualification Framework, Fairness in Internal Evaluation, Process of Teaching and Proctorial Class, Basic Amenities and Opportunities availed by the students, Course outcome, Encouragement for participation in co-curricular activities, and over all quality of the teaching. Out of the total respondent, the female shares 60% and 40% belong to the male category. The final assessment was made through the technique of rating which are categorically mentioned.

A. Infrastructure

Regarding the basic amenities and infrastructural facilities of the college like physical training & hostel facilities were brought under the purview of the feedback. The result of the feedback shows that the students exercised a positive response to the college library, sports facilities, canteen and drinking water however the hostel facilities did not come up to their liking due to the lack of boundary facilities and hostel library but due to pandemic situation, they could not avail the benefits of the infrastructure facilities.

B. Laboratory Infrastructure

Under this facilities, the students gave average satisfaction rating relating to lab equipments, condition of the equipments, time allocation of experiment & practical hour to the students.

C. Teaching Learning Process

As per the design of the questionnaire four parameters were undertaken, like course completion, teachers' competency, theory & practical classes. The observation manifests that on an average of 50% of the students express their satisfaction over the general teaching and learning activity due to inaccessibility of network to their location and lack of personal smart phone.

D. Over all Facilities

As per the respond of the respondents, it was observed that an improvement an infrastructure like hostel library, hygienic canteen and indoor games are to be improvised.
